

LA CLINICA

# Medical career pathway

Join our team in entry-level positions and grow in skills, pay, and experience.

## Patient Service Representative

(no experience required) \$

Let your amazing customer service skills shine as you greet patients, answer phones, verify insurance information, and provide critical support for the entire clinical team.

## Clinical Services Assistant

(no experience required) \$

Gain healthcare experience and ensure patients receive the best care by maintaining critical supplies, managing immunization programs, and facilitating the patient assistance program.

## Medical Assistant Trainee

\$

Take a giant step along your healthcare career path by entering the MA apprenticeship program, which allows you to pursue certification while working as an entry level medical assistant.

## Certified Clinical Medical Assistant

\$

Serve as a crucial member of a patient-centered primary care team. Prepare patients to meet with providers, run tests, and perform an assortment of clinical procedures.

1 year on the job, training, and certified medical assistant exam

## Medical Assistant Technical Skills Trainer

\$ \$ \$

Leverage your passion for teaching and mentorship to develop, deliver, and assess training practices for certified clinical medical assistants across all of La Clinica's medical sites.

## Reception or Clinical Team Lead

\$ \$ \$

Develop your leadership skills by supervising, guiding, and overseeing a front desk or health center team and serving as liaison between clinic staff and center leadership.

## Practice Manager

\$ \$ \$ \$

Leverage the skills and expertise you have built by overseeing all clinical operations at one of La Clinica's health centers, including customer service and patient scheduling, health records maintenance, clinical flow, financial viability, quality improvement and compliance, and facility maintenance.
